061819 Workshop on Data Storytelling with Visme (DSV)

Rationale

The *Workshop on Data Storytelling with Visme* projects the evolution of data storytelling techniques and strategies employed by the National Catechetical Study (NCS) 2016 – 2018 guided by the research timeline of activities, presentation files, and data management tools. In this regard, this workshop unravels ways and procedures in designing research-based infographics and presentation materials for *The NCS 2021:Pastoral Action Research and Intervention (PARI) Project* by utilizing NCS 2016 - 2018 data. As a research practice, the production of pending NCS 2016 – 2018 poster infographics and presentation materials will be assigned accordingly to the project and research assistants.

Specific Objectives

1. To project the evolution of data storytelling techniques and strategies employed by the NCS 2016 – 2018 guided by the research timeline of activities, presentation files, and data management tools.

2. To unravel ways and procedures in designing poster infographics and presentation materials for *The National Catechetical Study (NCS) 2021: Pastoral Action Research and Intervention (PARI) Project.*

3. To explain the NCS 2016-2018 data folder as means in producing pending poster infographics and presentation materials necessary for data validation process and publication purposes.

4. To delegate assignments to the project and research assistants in producing pending poster infographics and presentation materials.

Program

Time	Activity	Tools to Discuss	Person–In-Charge
