Subject: Data-gathering Process of the National Catechetical Study (NCS) 2021: Pastoral Action Research and Intervention (PARI) Project

Your Excellency,

Greetings of Peace!

I would like to request your utmost support to facilitate the **data-gathering process** of our *National Catechetical Study (NCS) 2021: Pastoral Action Research and Intervention (PARI) Project* in your ecclesiastical territory. This is a follow-up study of our *NCS 2016-2018* that first focused on catechists and catechetical leaders. For *NCS 2021: PARI Project*, we shall be gathering sample responses from the “catechized” and select interviews from catechetical centers’ personnel and other catechetical human resources. Our main research goal is to have an empirical understanding of our catechetical ministry (CM) in the last five decades.

In this regard, I am endorsing our *NCS 2021: PARI Project Research Team* from the *UST Research*

In this regard, I am endorsing our *NCS 2021: PARI Project Research Team* from the *UST Research Center for Social Sciences and Education* led by **Prof. Clarence M. Batan, PhD.** Dr. Batan's team through the guidance of *Catholic Bishops' Conference of the Philippines (CBCP) – Episcopal Commission on Catechesis and Catholic Education (ECCCE)*, will be conducting a series of orientation with volunteer catechists as research partners to be known as *Katekistang Kalakbay sa Pananaliksik (KKP)*. These KKP's will serve as our liaisons in the data-gathering process which will start from November 2019 until March 2020.

May we request your generous support in providing accommodation during their visit?

With gratitude for the assistance you will be extending ECCCE, I pray that God may continuously bless our shared work in catechetical ministry.

Yours in Christ,

RATIONALE

The ***National Catechetical Study (NCS) 2021: Pastoral Action Research and Intervention (PARI) Project*** envisions to understand and energize the Philippine catechetical scene by implementing pastoral researches and intervention activities toward a relevant and effective catechetical ministry (CM) to generate educative opportunities for new modes of catechesis and evangelization in the country. To realize this vision, the NCS Research Team collaborates with select catechists from each ecclesiastical territories (ET) referred to as ***Katekistang Kalakbay sa Pananaliksik (KKP)*** who will be the key persons for each ET in facilitating the data gathering process and other NCS 2021 research related concerns in the ET.

OBJECTIVES

This orientation module is designed in order to:

- Provide the KKP's with an overview of the NCS 2021: PARI Project.
- Present the role of the KKP in the project.
- Discuss the contents of the research tools which will be deployed using traditional (paper & pen) and digital (***KOBO Collect***).

STUDYING THE CATECHIZED (SC)

A descriptive research of a sample of catechized respondents across sociodemographic landscape in the last 50 years (1970s to present) to know the impact and influence of CM on selected life domains.

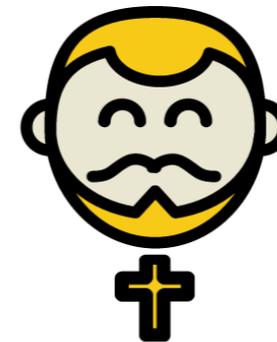

STUDYING CATECHETICAL FORMATION PROGRAMS (SCFP)

Investigates the state of selected catechetical centers relative to formation, content and pedagogy dimensions intended to generate educative insights to improve catechetical teaching and learning in the country.

STUDYING CATECHETICAL HUMAN RESOURCES (SCHR)

Examines salient aspects of human resources dimension in relation to the well-being and future of all those involved in catechetical ministry.

THE ROLE OF KKP

Facilitate/coordinate/schedule invites for interview of selected catechetical directors/coordinators, catechetical leaders or catechists together with NCS Research Associates (RSOCs).

The KKP as key person for each ET will assist in any other research related services in NCS 2021: PARI Project particularly as:

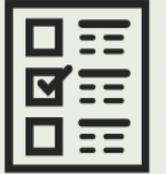

Area Coordinator

Each ecclesiastical territory will consist of one KKP area coordinator to do the following:

- Act as point person in their respective ETs.
- Disseminate the survey questionnaires
- Answer queries from the respondents. The KKP may ask assistance from their catechetical coordinator/s (per parish) on the smooth survey process.

Survey Coordinator

- Collect data through surveys and face-to-face interview.
- Assist in gathering information on the catechized within their respective areas of assignment.
- Guide the respondents in answering the survey questions and completing the questionnaire.
- Document and report the results obtained from the respondents.

The KKP will only work for two-weeks.

I n t e r v i e w e r

- Conduct interviews with the selected reliable respondents.
- Control and focus on the interview proper.
- Interview only the respondents who are willing to give their insights and time.

Encoder

- Enter accurate data in a Kobo Collect.
- Manage hard copies until the turn-over to the NCS team
- Maintains the database and the cellphone.
- Uphold confidentiality in all the data gathered in the survey questionnaire.

Other Services

- Assist in logistics and other field coordination. Participate in other tasks as required.

The **survey questionnaire (SQ) and interview guide (IG)** for the pastoral research, *Studying the Catechized (SC)* of the National Catechetical Study (NCS) 2021: Pastoral Action Research and Intervention (PARI) Project ask questions about the respondents' understanding on the following:

- 1. Criteria questions:** This is the initial screening to know who qualifies to be the study participants (Are you baptized in the Catholic Church? Are you a Filipino citizen? Do you consider yourself as a member of the Catholic Church?). If the responses of the three questions are YES, proceed with the interview. If NO, do not proceed.
- 2. Age group.** This is to determine the type of consent form to be administered. If the respondent's age is 17 years old and below, they will fill-out the statement of parental consent and minor's assent.

Some Mobile Photography Tips: How To Get Better Photos With Your Phone

© Stephen Ironside | <https://www.creativelive.com/blog/eleven-mobile-photography-tips/>

Mobile Photography Tips

Look for good light for a great image.

The first thing you should do is look around you and look at where the natural light is coming from. It could be from lamps, or a window, from a ceiling fan overhead, or even just direct sun.

Mobile Photography Tips

Know when (not) to use flash.

Unless there's no other option for light, you should usually avoid using your phone's flash.

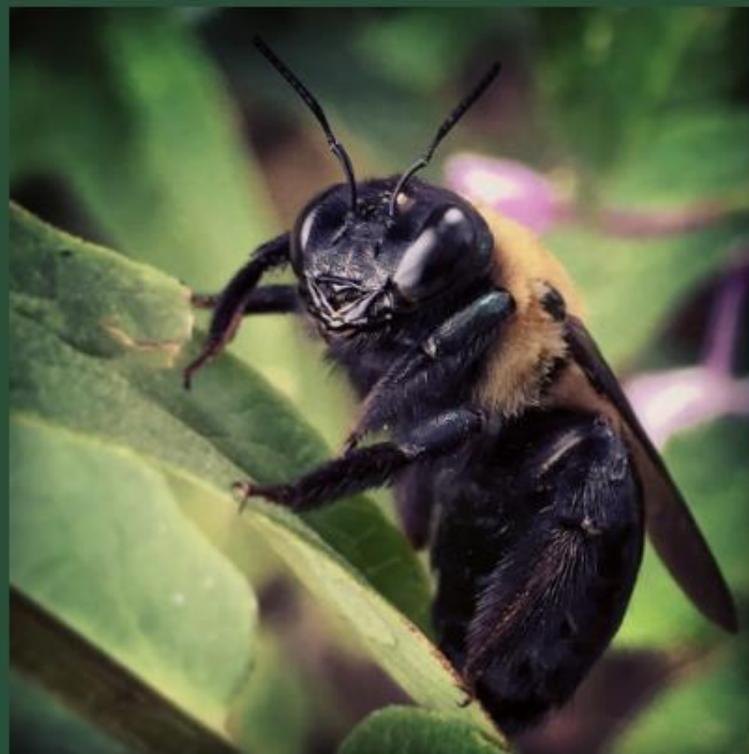

Mobile Photography Tips

A selfie isn't always best.

It will look more natural and maybe just feel a little more timeless than seeing the upper half of your arm sneaking into the picture. You can also get a tiny tripod you can stick your phone on, such as this one.

Mobile Photography Tips

Don't zoom. Ever.

"Zooming" on (most) cell phone cameras isn't the "zoom" you might think it is... the only thing that is "zooming" is the software cropping the image down to a smaller size.

Mobile Photography Tips

Be steady.

Shaky hands are just as bad for cell phone images. You can use the physical shutter button, if you'd like — just press the volume buttons, or even the buttons on your headphones.

Mobile Photography Tips

Don't forget to focus.

Tap. Focus. Just don't forget.

Mobile Photography Tips

Don't forget your rules of composition.

Use the **rule of thirds** if you want. **Symmetry, leading lines, colors, textures,** and all of the other standard composition techniques

Mobile Photography Tips

Clean that lens!

Just check it every so often, okay?
